

## SECURITY & CONVENIENCE

Main Street Bank is proud to offer customers who maintain large balances and the desire to earn a premium yield while insuring every single cent, our Money Market Account Xtra.

The MMAX, like other money market accounts, allows you access to your funds while safely earning CD-type interest. Also, the MMAX account is completely FDIC insured. As a Money Market Account Xtra account holder, your funds will be placed into a network of "well capitalized" financial institutions, with no more than \$250,000 deposited in any one institution initially.

In the past with large deposits, one had to find banks offering the best rates and then multiple accounts, depending on the amount of funds, that had to be opened. Now, with the MMAX account from Main Street Bank, that's no longer the case. As an account holder, you'll enjoy the convenience and peace of mind knowing your large investments are earning the most competitive rates with less time spent by you.
